

March 26th, 2022 (please note the date)

“Forward to the Future, We are Prepared”

Linda Wolverton

Chair of the Luke Chapter MOAA Surviving Spouse Program

Our speaker for March has amassed an amazing amount on information on casualty assistance for all services when a military spouse passes. This is material we all should have in our files ready when the time comes. She will be sharing this with us so please plan to attend.

Linda Wolverton, SS is the Chair of the Luke Chapter MOAA Surviving Spouse Program in Goodyear, AZ and developed the new SS Program for Luke Chapter MOAA. She graduated from the University of Alabama with a focus on clinical care and Pepperdine where she focused on Healthcare Law. She is retired as Chief Compliance Officer from TeamHealth, one of Fortune's "World's Most Admired Companies".

Linda worked in the Healthcare field for 54 years. Her talents range from Corporate Compliance, Health Information technology, Case Management, Health Care Risk Management, and Medical Audit (now called Performance Improvement), to Federal, State, and Medical Research Compliance.

Because of her family members' military service (Army, Navy, and Air Force), she has moved 63 times throughout the nation, beginning in Annapolis and ending in Fort Huachuca, AZ. Linda married LTC Phillip Hukill and followed his career until his retirement and death in 2015.

Phillip is interred in Arlington National Cemetery.
